SUMMARY

Chief Librarian with over 8 years of experience in academic library management, digital resource administration, library automation, and research support services. Proven expertise in information literacy, bibliometric and scientometric analysis, scholarly communication, and research discovery tools. Experienced in supporting faculty and students through innovative library services, digital learning initiatives, and academic resource management. Committed to enhancing teaching, learning, and research through technology-driven library solutions and user-centered information services.

CAREER HIGHLIGHTS

8+ Years of Academic Library Experience
Chief Librarian, Jyothy Institute of Commerce and Management
Best Paper Award Recipient (ICLIS-2024)
5+ Research Publications
Member, Karnataka State Library Association (KALA)

WORK EXPERIENCE

Chief Librarian, Jyothy Institute of Commerce and Management February 2022 - Present

Lead library modernization and automation initiatives to improve operational efficiency. Manage digital resources, e-journals, databases, and academic information services. Support students and faculty with research tools, scholarly databases, and literature discovery platforms. Organize library orientation programs and information literacy workshops. Coordinate National Digital Library of India (NDLI) awareness initiatives. Facilitate academic research support through bibliometric tools, citation databases, and research discovery platforms.

Librarian, JES Mother Teresa College of Nursing June 2019 - January 2022

Managed a healthcare-focused academic library serving students and faculty. Introduced e-journals and digital nursing resources to enhance academic access. Supported evidence-based learning through effective resource facilitation. Conducted user education and information literacy sessions. Assisted faculty and students in literature searching and research activities. Maintained library collections, circulation services, and digital resources.

Assistant Librarian, Sambhram Academy of Management Studies August 2017 - May 2019

Supported library users through research and reference services. Handled cataloguing, classification, and digital archiving of library resources. Assisted in collection development and resource organization. Maintained OPAC and library management systems. Facilitated circulation, acquisition, and technical processing activities. Contributed to improving library accessibility and user satisfaction.
